## Section E: Video Application

To get to know you better and understand your unique qualities, we'd like to invite you to answer a set of fun and engaging questions through a video submission! We believe that a video allows you to showcase your personality in a way that words on a page cannot fully capture — it's an opportunity for you to let your individuality shine and for us to see the real you! Specifically, we'll be looking out for your motivation/passion, values, and creativity.

### **Please respond to 3 questions from this list in your 5 min video submission**

- 1) If you could have a superpower to help you excel academically, what would it be and why?
- 2) Imagine you're hosting a talent show for your fellow scholarship recipients. What unique talent or skill would you showcase, and why is it important to you?
- 3) If you could create a fictional club or organisation at your school, what would it be and how would it benefit your peers?
- 4) Share a funny or embarrassing story from your academic journey that taught you an important lesson.
- 5) If you could invite any three historical figures or celebrities to a dinner party, who would they be and what would you discuss with them?
- 6) Design your dream study space! Describe the ideal environment that would inspire and motivate you to study effectively.
- 7) If you could trade places with any fictional character for a day, who would it be and what valuable lessons or experiences do you hope to gain?
- 8) Create an imaginary invention that would revolutionise education. Describe what it does and how it would enhance the learning experience for students.
- 9) If you were a book character, which genre would you belong to (e.g., fantasy, mystery, romance) and why?
- 10) Share a fun and creative way you have used your academic knowledge or skills outside of the classroom.

Remember to have fun with it and let your true self shine!
